

BroMATE-9

Engineered by Tezmaksan | Powered by CubeBOX™

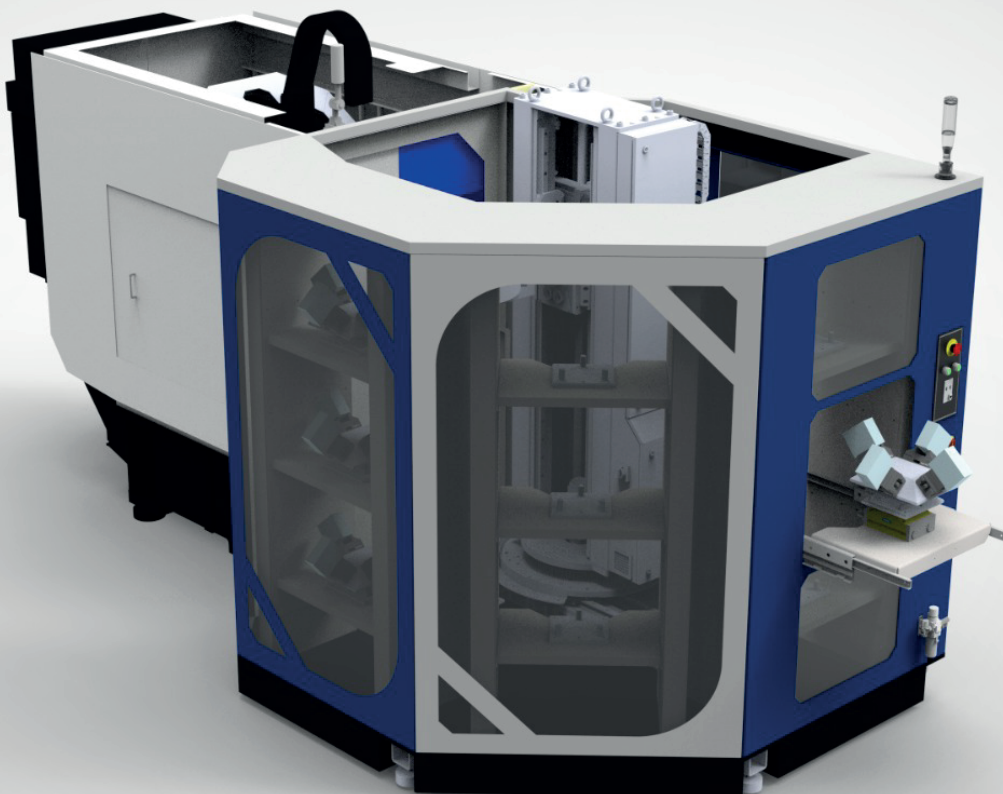

Compact Design, Heavy-Duty Performance

Maximum Efficiency for Your Brother Machines

Engineered for seamless integration with Brother HU550, U500, M200, M300 models, the BroMATE-9 is designed to eliminate downtime and maximize operational speed. Experience the most compact and powerful form of robotic automation, powered by CubeBOX™.

Why BroMATE-9?

- **Seamless Integration:**
Plug & Play architecture specifically optimized for Brother HU550, U500, M200, M300 machining centers.
- **Smart Software:**
Manage complex workflows effortlessly with RoboCAM FMS - no advanced programming skills required.
- **Space-Saving Reach:**
Saves valuable floor space with a compact 1700x2100 mm footprint, while pushing operational limits with a 1210 mm arm reach.
- **High Capacity:**
Ensure uninterrupted production even with heavy workpieces, thanks to the 80 kg capacity loading station.

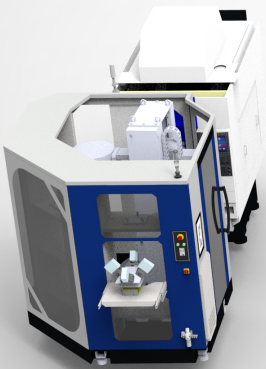

BroMATE-9

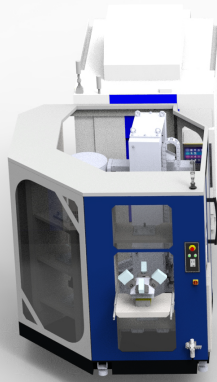

Engineered by Tezmaksan | Powered by CubeBOX™

Features	Specifications
Footprint	1700 x 2100 mm
Unit Height	2075 mm
Max. Workpiece	80 kg
Workpiece Diameter	Ø420 mm
Workpiece Height	350 mm
Control System	RoboCAM FMS
Robot Type	Linear Robot

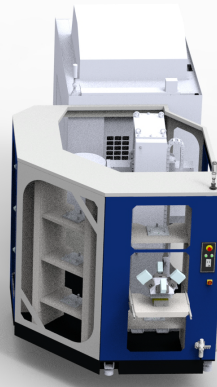

M200

M300

HU550

U500
